

Graphic Design and Web Marketing Internship Opportunity

Hours: 20-30 hours per week; including occasional weekend hours.
Commitment from January – May or August 2012.

Pay: TBA per hour; with opportunity for raises and bonuses.

Requirements: Only outgoing, high-energy personalities need apply. Previous experience in advertising design, web design, photography and copywriting recommended. Must be fluent in Adobe InDesign, PhotoShop, Illustrator, Microsoft Word & Excel. Exceptional organizational skills are a must. Basic HTML and Adobe Flash knowledge and strong grammar skills are a plus.

Job Responsibilities: Assist Socket's marketing department in managing projects pertaining, but not limited to:

- Designing promotional materials such as direct mail, newsletters and flyers.
- Designing web and news print advertisements.
- Working with printers to order and ensure quality on print jobs.
- Designing and implementing web video graphics.
- Designing event signage such as posters and banners.
- Updating website design and layout to increase interaction and user-friendliness.

Socket is a fast-paced, INC500 company looking for a hard-working and professional individual to help market its growing business and residential telephone and Internet products throughout the state of Missouri. We offer a fun working environment and a one-of-a-kind marketing experience!

More details available with expressed interest - please send your qualifications to Stephanie Rosskopf in Socket's marketing department at marketing@socket.net or 2703 Clark Lane, Columbia, MO 65202.
